

RAGGED MOUNTAIN

Ragged Mountain Ski Team Athlete Responsibilities

Every participating athlete of the Ragged Mountain Ski Team (RMST) agrees to:

1. Follow and uphold the rules and code of conduct set forth by the RMST, the ski area(s), the USSA, and attending school policies.
2. Understand that participation with the RMST is a privilege. This means that any athlete may be a member of the Ragged Mountain Ski Team only on the condition that she/he fulfills the program requirements, and abides by the rules and the principles of the group. A privilege can be revoked as soon as a member fails to maintain his or her part of the "contract" acknowledged at the time of registration.
3. Conduct her / himself with the highest level of integrity. This reflects the professional manner that our program and all enrolled athletes will work to achieve.
 1. Show respect and support to teammates and staff and to others property.
 2. Be on time for scheduled training and meetings
 3. Keep your frustrations and temper in check. Outbursts of profane language will not be tolerated.
 4. Observe all safety instructions on the hill and when traveling. Abide at all times by the Skier's Responsibility Code
 5. To maintain serious commitment to personal development, as an athlete, as a student and an individual.
 6. Rely upon and obey the judgment and direction of the coaches.
 7. Read and understand all of the program documents carefully, including the required drug policy and waiver, sign and complete the related forms and waivers and abide by the provisions of these agreements at all times.

All RMST members must obey the rules of any ski area that we travel to, all Ragged Mountain Mountain Resort rules, School rules, RMST Travel rules, and other RMST rules. Each member must realize that they represent not only themselves, but the RMST, Ragged Mountain Resort, its affiliated Sponsors and Corporate Partners and the sport of alpine ski racing. The actions of individual athletes can enhance or severely compromise the image and well being of the RMST.
