The actions of individual athletes can enhance or severely compromise the image and well being of the RMST.

Ragged Mountain Ski Team Code of Conduct:

All RMST members (including but not limited to: athletes, coaches, officials and parents) when participating in any RMST activity or function, must agree to conduct themselves according to RMST's core values of **Loyalty, Integrity, Respect and Accountability** and abide by the spirit and dictates of this code of conduct. 1. Removal from the activity.
2. Suspension from training, competition, activities or travel.
3. Elimination of coaching, resort privileges and other benefits
4. Forfeiture of membership within the RMST

RMST is committed to principles of fairness, due process and equal opportunity. Members are entitled to be treated fairly and in compliance with the club's bylaws and the resort's rules, regulations and procedures.

Nothing in this Code shall be deemed to restrict the individual freedom of a RMST member in matters not involving activities in which one could not be perceived as representing RMST. In choices of appearance, lifestyle, behavior and speech while not representing RMST, members shall have complete freedom, provided their statements and actions do not adversely affect the name and reputation of RMST, Ragged Mountain Mountain Resort and its employees, vendors and affiliates, nor any other member. However, in those events and activities where one is representing RMST, the RMST demands that its members understand and agree to behave in a manner consistent with the best traditions of sportsmanship and RMST's core values.

Concussion Policy:

Any Ragged Mountain Ski Team (RMST) athlete under the age of 18 years suspected of having sustained a concussion or traumatic head injury must be removed immediately from participation in RMST sporting events (e.g. sanctioned training, practice, camps, competitions or tryouts), by the Alpine Director or RMST member coach overseeing such sporting event. The minor athlete will be prohibited from further participation until evaluated and cleared in writing to resume participation in RMST sporting events by a qualified health care provider trained in the evaluation and management of concussive head injuries. The health care professional must certify to RMST in the clearance letter that he/she has successfully completed a continuing education course in the evaluation and management of concussive head injuries within three years of the day on which the written statement is made. Upon removal of a minor athlete from participation for a suspected concussion or traumatic head injury, the member coach making the removal must inform the Alpine Director of Competition Services. Athletes who have subsequently been medically cleared to resume participation must provide such medical clearance (as described above) to the RMST Alpine Director in order to be permitted to participate in RMST sporting events.

About Concussion:

A concussion is a type of traumatic brain injury (TBI) caused by a bump, blow, or jolt to the head. Concussions can also occur from a fall or a blow to the body that causes the head and brain to move quickly back and forth. Doctors may describe a concussion as a "mild" brain injury because concussions are usually not life-threatening. Even so, their effects can be serious.

Risk of Continued Participation:

A repeat concussion that occurs before the brain recovers from the first-usually within a short period of time (hours, days, or weeks)-can slow recovery or increase the likelihood of having long-term problems. In rare cases, repeat concussions can result in edema (brain swelling), permanent brain damage, and even death.

RMST recommends that all Members review the Center for Disease Control's resources on concussion awareness at the following link:

http://www.cdc.gov/concussion/HeadsUp/online_training.html

Helmet Policy

In an effort to reduce the risk of traumatic head injuries including concussions, **all RMST athletes must wear a USSA approved for competition helmet at all times during all activities related to RMST.** This includes but is not limited to competitions, training, directed or un-directed free skiing, coaching, camps, tryouts or sanctioned events. If you are unsure whether or not your current helmet meets the specifications, please consult your coach or the Alpine Director.

USSA Helmet Rule:

Helmets designed and manufactured for the particular discipline of ski racing being contested are required for all competitors and forerunners in all USSA events and official training. Helmets must bear a CE mark and conform to recognized and appropriate standards such as CEH.Din 1077, ASTM F2040, SNELL S98 or RS98.

Helmets must cover the head and ears. Helmets with spoilers or edges that stick out are not permitted. Protective features integral to the discipline being contested, such as chin (teeth) guards on slalom helmets are permitted. Soft ear protection is only permitted for helmets used in slalom.

USSA does not specify nor recommend nor make any warranties as to the fitness for use of any particular ski helmet design or brand name. USSA undertakes no responsibility, liability, or duties to any competitor in connection with the requirement that helmets be utilized. It is the sole responsibility of the competitor to select an appropriate helmet for accident prevention in ski racing.

Caution: Age and use affect the protective qualities of all safety helmets. Some older helmets and any helmets that have been damaged either in a fall or from other impact may no longer provide sufficient protection- even if there are no visible indications of damage.

**Ragged Mountain Ski Team
Drug and Alcohol Policy**

Ragged Mountain Ski Team is concerned for the safety and welfare of its athletes, coaches and staff.

Therefore all members of the RMST are prohibited from using or carrying drugs (Marijuana/THC, Cocaine, Opiates, Phencyclidine, Amphetamines or any other Banned Narcotics) and alcohol except as permitted by law or medical prescription. In the case of medical prescription, athletes must provide the RMST Program Director with a written statement from their doctor detailing the medication in use and its effects on the individual.

To ensure compliance with these rules, this policy for alcohol and drug use testing is established. The policy applies year-round to athlete members when involved in the dryland and ski training programs of the RMST, at or away from the team facilities, including travel, lodging and any other activity of athletes and staff while at other resorts. RMST will comply with all applicable governmental or judicial requirements. Failure to observe this policy may result in sanctions up to and including dismissal from the team and its activities.

**Ragged Mountain Ski Team
Volunteer Program Policy:**

Volunteers are an important part of the daily operations and race day functions of the team. Many hours of work are needed for hosting race events, which add revenue to the team budget, expose our mountain and programs to other athletes and families, and give our athletes the “home field” advantage.

Family Volunteers:

When joining the team, you are not only committing to supporting your own athlete, but also to support the needs of the team on race day. Families that do not meet their obligation will be assessed a work fee of \$150 per day missed.

- All families must contact the volunteer coordinator to schedule their work days.
- When you exceed more days than your commitment, you will be eligible to receive 2 lift vouchers per day worked for yourself, family and friends to use.
- Other incentives may be presented throughout the season.

Volunteers not associated with the team:

- Volunteers for race days will receive a free lift ticket for race day, as well as another voucher to come back and visit the mountain.
- Volunteers must be scheduled with the volunteer coordinator.
- Other incentives may be presented throughout the season.

Employee Volunteers:

- Receive incentives and vouchers as defined in the employee handbook.
